	<ul style="list-style-type: none"><li>• Standard skaar/disc:4 mm thick heat-forged hardened steel with a circular support base with 3 hairpin legs all in 304 s/steel.</li><li>• 700mm external Diameter x 220mm H.</li><li>• Quality heat-resistant coating in matt-black. (Duram NS7).</li><li>• 14kgs nett weight.</li><li>• All sections seam-welded with precision mig-welder.</li></ul>

Deco

- Standard skaar/disc:4mm thick heat-forged hardened steel with 3 (angular cut) legs in (10mm) 304 s/steel.
- 780mm external Diameter x 250mm H.
- Quality heat-resistant coating (x 2) in matt-black. (Duram NS7).
- (The legs are available in mild steel or 304 s/s.)
- 15kgs nett weight.
- All sections seam-welded with precision mig-welder.

Moderno

- Standard skaar/disc: 4mm heat-forged hardened steel mounted on a 4mm circular plate with a central cylinder column and encircled with a ring (310mm H) with wood storage at the base.
- 700mm external Diameter x 480mm H.
- Quality heat-resistant coating (x 2) in matt-black. (Duram NS7).
- 35 - 37 kgs nett weight.
- All sections seam-welded with precision mig-welder.

Criss-Cross

- Standard skaar/disc: 4mm thick heat-forged hardened steel with a 6 x (8mm) bar structure available in mild steel or 304 s/steel.
- 700mm external Diameter x 300mm H.( Duram NS7)
- Quality heat-resistant coating ( x2) in matt-black.
- All sections seam-welded with precision mig-welder.

Circular Storage

- Standard skaar/disc:4mm thick heat-forged steel with a circular wood storage base (500mm D x 310mm W) with compartments for fire starters and normal logs.
- 700mm external Diameter x 650mm H.
- Quality heat-resistant coating ( x2) in matt-black.(Duram N7)
- All sections seam-welded with precision mig-welder.
- 42 kgs nett weight

Studio

- Standard skaar/disc: 4mm thick heat-forged hardened steel disc with 80mm sparkguard supported on 8mm 304 s/steel legs.
- 700mm external Diameter x 300mm H.
- Quality heat-resistant coating ( x2) in matt-black.(Duram NS7).
- All sections seam-welded with precision mig-welder.

zen tripod/swivel grid

- Standard skaar/disc: 4mm thick heat-forged hardened steel disc with 80mm sparkguard supported on 8mm 304 s/steel legs.
- 700mm external Diameter x 300mm H.
- Quality heat-resistant coating ( x2) in matt-black.(Duram NS7).
- All sections seam-welded with precision mig-welder.

All prices exclude delivery charges

Coating Options:

- Quality heat-resistant paint (matt black).
- Ground and polished natural steel with a 'Clearcote' lacquer coating.
- Powder-coated in a range of colours and textures.
- Rust-patina chemical coating induces oxidization creating a rust effect.
- Heavy duty industrial paint in all colours.
- Raw steel left to naturally oxidize in the outdoors creating a rust finish.

Warranty: 5 years on structure and 10 years on disc.

Origin: Proudly South African.

Ecofriendly: All steel components fully recyclable.
